Station Mangalore, *Dated the* 26th June 1923

From (Name) G. W. Wells, Esquire, I.A., I.C.S.,

(Designation) Collector of South Kanara.

To The Secretary to the Government of Madras,

Local Self-Govt., (L. & M.) Department.

Thro' the Director of Public Health,

Madras.

Sir,

Mangalore Town does not find a place in the list of infected areas published in the Fort St. George --- Gazette, dated 19th June 1923. Apparently the town - has been declared uninfected in view of the non— occurrence of plague cases for one month from 16th May 1923 to 15th June 1923. I was also watching the ----- situation, and was on the point of submitting proposals to Government in consultation with the District ------- Medical Officer, when a rat was found infected on the

Kw 21

16th instant, on which date there was also a plague case. In the circumstances I postponed the proposal for the removal of the town from the list of infected areas. I therefore request that Government will be so good as to include Mangalore Town in the list of infected areas.

Your obedient servant,

26 6.23.

Collector.
